**Communications:**

**ONLY** your UMC e-mail account will be used for communication purposes. Do not use other accounts (e.g., Yahoo) to send me e-mails; they will be ignored. Please check your UMC e-mail account at least twice per day. E-mail will be used extensively for announcements. Please use “Econ1015” as the subject heading when e-mailing your TA or me. Be sure to maintain your e-mail account regularly to ensure there is enough space (Empty your “Deleted Items” folder at least weekly).

**Reading & Study Guide Assignments and Lectures:**

Upon completion of the Text reading, answer all questions in the Study Guide prior to the due date. Lecture material is based upon the assumption that all assignments have been completed. Lectures build on the assignments and previous lectures. Hence, it will be crucial for you to attend every lecture and keep up with all reading and lecture material. Lectures will include NOT ONLY material from the text, BUT ALSO other related concepts and examples, and current policy discussions regarding the U.S. economy in the media.

You are responsible for the material covered in lecture and the text. IN CASE OF UNAVOIDABLE ABSENCE, obtain lecture notes from classmates. The instructor’s or TAs’ lecture notes will not be available to you.

**Warning!!!**

No cell phone use, including texting, is allowed during lecture. Cell phone ringers must be turned off and cell phones must be put away during class. Violation of this policy will result in the offending student being asked to leave class for the remainder of the period and the student will receive no credit (marked as an absent) for being in class that day. If you have an important message you absolutely must receive and respond to during lecture, please wait for the message outside of the classroom.
GRADING:

Plus/Minus grading is used. Your semester grade will be determined based on your performance on the following items: Exam, Homework and Quiz. All scores will be available in “My Grades” on the course Blackboard immediately upon completion of grading. Check “My Grades” on a daily basis and notify us if you believe an error has been made in your grades. Any reports on potential grading errors must be made within one week of score posting in order to guarantee any grade revisions. The semester letter grade will be determined based on the total points you earn:

THREE EXAMS (A TOTAL OF 450 POINTS):

There will be two midterm exams and a comprehensive final exam during the semester. They will only consist of multiple choice questions. Each exam will cover the class material (lectures, text, Study Guide, worksheets, Wall Street Journal, etc.) up to the date of the exam. You **must** bring your student ID, pencils and eraser to take the exam.

**Exam Schedule (Tentative):**

- Exam 1 (125pt): 6:15-7:30 p.m., Tuesday (Feb 23rd, 2016)
- Exam 2 (125pt): 6:15-7:30 p.m., Tuesday (April 5th, 2016)
- Final Exam (200pt): 8:00-10:00 p.m., Tuesday (May 10th, 2016), Mandatory

In case of Emergency on the day of a midterm, please e-mail your TA the nature of your emergency (e.g., military call, death in the family, illness) and submit proper documentation (e.g. military order, obituary, doctor’s note) to the TA in a timely manner. You will be excused from it if you follow this procedure.

**Note:** If you miss one of the midterm exams with an accepted excuse, your final exam will be graded on the basis of 325pts (instead of 200pts). If you have a valid excuse to miss both midterms or to miss the final on the scheduled dates, you will receive an “INCOMPLETE” for the semester grade. If you miss either both midterms or the final exam without a valid excuse, you will automatically receive an “F”.

HOMEWORK (HW) AND IN-CLASS (IC) QUIZZES (A TOTAL OF 80 POINTS):

Two HWs and two IC quiz scores will count toward your semester grade. There will be three HWs and three IC_quizzes (worth 20-points each) administered so that you may drop your lowest HW and your lowest IC_quiz scores, or be excused from one of each during the semester. They will reinforce your learning of class materials and will prepare you for the main exams.

You may submit HW to your TA in advance in case of a scheduled absence on the due date. Otherwise, HW will be collected in class between 9:20am and 9:30am on the due date. Any submission after 9:30am on the due date is considered to be late. **No late homework** will be graded, even if it is only one minute late.

IC_Qizzes will only be administered during scheduled times. Quiz questions will be a combination of multiple-choice and short problem solving, and will typically be similar to questions in the study guide, HW and/or worksheets. Again, HW and quizzes will be a reinforcement of your learning of class material that will help you to prepare for main exams.
BLACKBOARD (B) QUIZZES (A TOTAL OF 50 POINTS) AND POP QUIZZES (A TOTAL OF 20 POINTS):

At noon on every Friday, a B_quiz is due through the course blackboard site. On the same day, a new B_quiz will be posted that will be due at noon on the following Friday. You will be given about a week to complete each B_quiz, with two attempts. The score of the most recent attempt, last score, for each B_quiz will be recorded toward your semester grade. Please check your B_quiz grade immediately after the completion of each quiz and e-mail the class e-mail account if you can’t view your quiz grade.

The B quizzes consist of questions to provide feedback on your reading comprehension and to test your ability to apply your understanding of reading material to exam-like questions. Please open the B_quiz for the week after you have completed the reading assignments and answered Study Guide questions in order to maximize your score. Ten B_quiz scores will count toward your semester grade. There will be eleven B_quizzes (worth 5-points each) offered so that you may drop your lowest B_quiz score.

In case of any potential computer problem you may face, I urge you to complete your attempts for each B_Q quiz before 11am on the due date, Friday.”

There will be 11 unannounced pop quizzes (worth 2 points each) so that you may drop one your lowest quiz score. Ten pop_quiz scores will count toward your semester grade.

WORKSHEETS AND WEEKLY REVIEW (Q&A) SESSIONS:

There will be a review session conducted by a TA each week and a worksheet will be posted regularly according to the lecture discussion of a topic. Please check the course Blackboard.

NOTE: There are NO MAKEUPS for HW, Quizzes and Exams. Missed quizzes, missed or late HW and unexcused (i.e., no documentation) missed exams will be scored as zeros.

NOTE: Exams and IC_quizzes will be administered only during their scheduled times. You must bring your student ID, pencils and eraser to take IC_quizzes and the exam.

NOTE: Although the questions on HW, IC_quizzes, and the worksheets are not limited to multiple choice questions, they will be excellent practice for preparing for the major exams.

REEF POLLING:

I will be using REEF Polling by i>clicker in class this term. REEF Polling helps me to understand what you know and which concepts you have difficulties with, gives everyone a chance to participate in class, and allows you to review the material after class. I will use REEF Polling to administer Pop Quizzes and to keep track of attendance; please refer to the ATTENDANCE AND PARTICIPATION POLICY.

I consider submitting votes for a fellow student to be cheating and a violation of the University ACADEMIC INTEGRITY POLICY. If you are caught voting for another student or have votes in a class that you did not attend, you will forfeit all attendance records, receive an “F” and may face additional disciplinary action by the University.

ATTENDANCE AND PARTICIPATION POLICY:

You are expected to attend all lectures. Your attendance and participation will help you learn the material more efficiently and better, and may also help you obtain a higher grade at the end of this semester (in borderline grade cases).

In case of unavoidable absence, note that you are still responsible for all material covered in the missed lecture and any shortcomings that may result from missing class (e.g., missing extra credits opportunity).

NOTE: Any changes in the schedule will be announced in lecture, usually at the beginning or at the end of class. Be in class on time and stay until the end of the class to make sure you get all important information.

WARNING!!!

I will feel free to ask anyone in the class questions about previous lecture material and reading assignments. So, please be prepared for each meeting!!!

**ACADEMIC INTEGRITY POLICY (FROM OFFICE OF THE PROVOST):**

Academic integrity is fundamental to the activities and principles of a university. All members of the academic community must be confident that each person's work has been responsibly and honorably acquired, developed, and presented. Any effort to gain an advantage not given to all students is dishonest whether or not the effort is successful. The academic community regards breaches of the academic integrity rules as extremely serious matters. Sanctions for such a breach may include academic sanctions from the instructor, including failing the course for any violation, to disciplinary sanctions ranging from probation to expulsion. When in doubt about plagiarism, paraphrasing, quoting, collaboration, or any other form of cheating, consult the course instructor.

Academic Dishonesty includes but is not necessarily limited to the following:

A. Cheating or knowingly assisting another student in committing an act of cheating or other academic dishonesty.
B. Plagiarism which includes but is not necessarily limited to submitting examinations, themes, reports, drawings, laboratory notes, or other material as one's own work when such work has been prepared by another person or copied from another person.
C. Unauthorized possession of examinations or reserve library materials, or laboratory materials or experiments, or any other similar actions.
D. Unauthorized changing of grades or markings on an examination or in an instructor's grade book or such change of any grade report.

**ACADEMIC INTEGRITY PLEDGE:**

"I strive to uphold the University values of respect, responsibility, discovery, and excellence. On my honor, I pledge that I have neither given nor received unauthorized assistance on this work". Students are expected to adhere to this pledge on all graded work whether or not they are explicitly asked in advance to do so.

The University has specific academic dishonesty administrative procedures. Although policy states that cases of academic dishonesty must be reported to the Office of the Provost for possible action, the instructor may assign a failing grade for the assignment or a failing grade for the course, or may adjust the grade as deemed appropriate. The instructor also may require the student to repeat the assignment or to perform additional assignments. In instances where academic integrity is in question, faculty, staff and students should refer to Article VI of the Faculty Handbook. Article VI is also available in the M-Book. Article VI provides further information regarding the process by which violations are handled and sets forth a standard of excellence in our community.

**ACADEMIC INQUIRY, COURSE DISCUSSION AND PRIVACY:**

University of Missouri System Executive Order No. 38 lays out principles regarding the sanctity of classroom discussions at the university. The policy is described fully in Section 200.015 of the Collected Rules and Regulations. In this class, students may not download the course material. Audio or video recordings of course activity are prohibited except for students who are permitted to record as an accommodation under Section 240.040 of the Collected Rules. All other students who record and/or distribute audio or video recordings of class activity are subject to discipline in accordance with provisions of Section 200.020 of the Collected Rules and Regulations of the University of Missouri pertaining to student conduct matters.

Those students who are permitted to record are not permitted to redistribute audio or video recordings of statements or comments from the course to individuals who are not students in the course without the express permission of the faculty member and of any students who are recorded. Students found to have violated this policy are subject to discipline in accordance with provisions of Section 200.020 of the Collected Rules and Regulations of the University of Missouri pertaining to student conduct matters.

**INTELLECTUAL PLURALISM STATEMENT:**

The University community welcomes intellectual diversity and respects student rights. Students who have questions concerning the quality of instruction in this class may address concerns to either the Departmental Chair or Divisional leader or Director of the Office of Students Rights and Responsibilities (http://osrr.missouri.edu/). All students will have the opportunity to submit an anonymous evaluation of the instructor(s) at the end of the course.
